

Camel CIGARETTES

18 cents a package

If you want to know what rare and unusual enjoyment Camels provide smoke them in comparison with any cigarette in the world at any price!

CAMELS are a cigarette revelation any way you consider them! Take quality, or refreshing flavor and fragrance; or, that wonderful mellow-mild-smoothness you never before got in a cigarette smoke! Yet Camels are so full-bodied and so full-of-satisfaction you marvel that so much delight could be put into a cigarette!

Camels expert blend of choice Turkish and choice Domestic tobaccos makes them so irresistibly appetizing! And, the blend explains why it is possible for you to smoke Camels liberally without tiring your taste! You will prefer Camels to either kind of tobacco smoked straight!

You'll realize pretty quick, too, that among the many reasons you smoke Camels is their freedom from any unpleasant cigarette aftertaste or unpleasant cigarette odor!

Once you know Camels you won't take much stock in premiums, coupons or gifts! You'll prefer Camel quality!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Smokers realize that the value is in the cigarettes and do not expect premiums or coupons!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes, or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

Searcy, Hert and the other real machine leaders of the republican party "put it over" them the Daily Register proposes to say so in plain English. Of course a lot of republican workers have to be "taken care" of with jobs and the prison guardships offer inviting fields for those who care for that kind of employment. But if the new board is really going to be "non-partisan," and recognize merit and merit alone, it will have to look far and long before it finds a man as competent as Mack Phythian who is now warden of the reformatory at Frankfort. So much in passing.

Gov. Morrow has started well upon redemption of his pledges. He went over them in his inaugural address and they sound good, or at least most of them. If he makes good on half of them he will have done the state a real service and will live long in the memory of all Kentuckians as a governor who was of real benefit to his state and his people. Morrow's pledges as reiterated in his inaugural address, were chiefly as follows:

1. Care of wounded soldiers and employment of all who have returned from service.

2. Abolition of offices and reduction of the expense of government.

3. The limitation of the powers of the state tax commission in arbitrarily increasing assessments made by local boards and reduction in the state tax rate to conform with the boost in valuations.

4. The formation of a bipartisan board of control for penal and eleemosynary institutions.

5. A survey of the school system to be followed by an increase in pay for school teachers.

6. Promotion of the state's agriculture, the building of good roads and the improvement of labor laws.

7. Legislation to develop the oil, gas and industrial resources of the state.

8. The enactment of a non-partisan judiciary law.

9. Amendment of the parole law to place its execution in the hands of the sinking fund commission instead of a prison board.

10. The ratification of the Susan B. Anthony amendment.

11. The enactment of laws to enforce prohibition under the amendment ratified by the voters last month.

12. The repeal of the primary election law and legislation providing for the making of nominations either by convention or primary.

13. The stamping out of mob rule, whether under the guise of lynching parties or Bolshevism.

Pershing Taught 'Em Something They gave Gen. Pershing a royal welcome in Louisville Sunday and he seemed to enjoy it. Louisville never does things by halves nowadays. At the same time Gen. Pershing taught them something down there. They learned that:

Meuse is pronounced "Muz". Joffre is not nearly as hard to say as everybody has been led to believe. Just say "Joff". Camp Zachary Taylor really is a

"can-tone-ment." Petain is Peta-long A. And Nivelle is "Nevial." Gen. Pershing pronounced them that way in a speech and no one will dispute his authority in such matters.

This Beats Our Land Sales
It has seemed that every other farm in this part of the state has changed hands during the past year, but it is doubtful if the record in this or any other Blue Grass county will equal that of McCracken county in western Kentucky. A dispatch from Paducah says that one-third of all the land in McCracken county has changed hands during 1919; some portions of it three or four times, according to facts revealed in the assessments of property valuation for taxes now being conducted by the County Tax Commissioner and his assistants. The total value of land which has been sold or traded in McCracken county during the last twelve months will exceed \$3,000,000.

BEND
This beautiful Sunday morning the sun is shining brightly and the ground is covered with snow. A big tide in the Kentucky river. The porkers are packed away in the smoke-house; tobacco nearly all stripped and taken to market. The little ones are looking forward to the coming of Santa Claus. There is a difference before the country went dry. The men and boys were sending orders for a gallon or two of fire water. But note the change: Baby gets a present; wife a nice dress and the sweetheart a nice present. "Be not weary in well doing" let the good work go on.

W. B. Steele, of Beattyville, was visiting his sister, Mrs. J. B. Smyth last week.

Mrs. J. D. Congleton has purchased a farm in Indiana. He will get possession the 1st of March. Mr. Congleton is a good neighbor and a christian gentleman. He will be missed in the Bend.

Rev. Lon Edwards has bought a house in Winchester. He will move next week.

A great deal of the corn and fodder in the lowlands of the Kentucky river have been swept away by the recent tides.

Misses Ada and Alma Smyth spent Sunday with Misses Minnie and Ada Congleton.

Thos. Pileher sold his tobacco raised on one and half acre for \$1,010. He grew the banner crop of the Bend.

After sale of Presbyterian Bazaar, this afternoon and tomorrow in window of Kentucky Utility Co., on Second street. 321-1

H. S. McGire, a Winchester attorney, is tipped as a probable member of the Workman's Compensation Board.

The Vapor Treatment FOR Influenza, Croup and Pneumonia

Mothers who know the anguish of waiting helplessly through long hours for the physician who may not arrive in time will hardly fail to keep on hand a bottle of this effective croup remedy. Vapomenth is a certain preventive and specific for colds, croup, influenza, grippe, pneumonia and other respiratory ailments.

BRAME'S VAPOMENTHA SALVE

WILL NOT STAIN THE CLOTHES

It is applied externally to the chest, throat and nostrils and is quickly absorbed through the pores of the skin. Its healing vapors rise and are inhaled directly to the infected membranes. A double-action remedy, it is doubly certain to produce satisfactory results. It has this characteristic that distinguishes it from other salves, it will not stain the clothes. Buy a bottle of Vapomenth TODAY. It is an invaluable protection for an insignificant price.

Ed Morrow Starts Well

Gov. Ed Morrow started off on the right foot when he named his new Board of Control, which will have charge of the state prisons, asylums and other institutions. He did the proper thing when he peremptorily "fired" Henry Hines, Tom Hatcher and every democratic member of the old board. Gov. Black should have done it months before for they did not have the confidence of the people. There can be no criticism of Morrow's selections, except that most of them undoubtedly are wholly unversed in practical politics and the real politicians may be able to "put something over on them" and they never know it. However, that will develop as things move along and if Dr. Ganfield, Ed Hines and Mrs. Riker and the other members of the board let

We do not try to pinhook our customers but we do our best to give all the same treatment and the best information at our command at all times. Last season we advised everybody to hold tobacco until January 1st. We want to inform you that tobacco is high, very high in North Carolina, and judging our market by that, as we have been able to do in the past, good, bright tobacco will be very high in Kentucky. The apparent large per cent of low grade tobacco in this crop has had a tendency to make us apprehensive of lower prices for common tobacco, though we are glad to note a considerable advance in low grade upon hoghead markets in the past ten days.

It will pay you to put your tobacco over the floor. The speculator who offers to buy expects to make money and is probably better posted than you.

SOCIAL AND PERSONAL

Forrester—Mitchell

The following handsomely engraved announcements have been received by friends here where the bride was frequently the guest of her sister, Mrs. S. N. Moberly, and has a number of friends here.

Mr. and Mrs. Carter Forrester announce the marriage of their daughter Myrtle

to
Mr. Thomas Reginald Mitchell on Wednesday the third of December Nineteen hundred and nineteen. Cumberland Gap, Virginia

At home after January first, Gray Knob, Kentucky.

Todd—Eck

The following clipping was taken from the Dayton Journal and will be of interest to Madison county relatives of the bride. A pretty home wedding was that of Miss Mildred Todd, daughter of Mr. and Mrs. W. M. Todd and Sylvester Eck, son of Mr. and Mrs. John Eck, of Conover street, which took place Tuesday evening at 8 o'clock at the home of the bride's parents, on North Main street.

Forty relatives and friends assembled to witness the ceremony which was performed before an altar of palms in the living-room by the Rev. J. C. Massee. The wedding march was played by Mrs. George Hoarh.

The bride wore a smartly tailored suit of brown broadcloth trimmed with hudson seal. Her hat was of harmonizing material and she wore a corsage bouquet of lilies of the valley and bride's roses. Miss Anabel Kette and Vernon Eck, a cousin of the bridegroom, were the attendants. Miss Kette wore a becoming blue suit with matching hat.

Her flowers were similar to those worn by the bride. A reception and dinner followed the ceremony, pink and white chrysanthemums being used on the tables. Following a bridal trip to Chicago and other points north, Mr. and Mrs. Eck will reside temporarily with the parents of the former. The bridegroom has been connected for some years with one of the leading manufacturing plants of the city. The bride resided in Winchester, Ky., before coming to Dayton. A number of social courtesies have been paid her in the weeks preceding the wedding.

Maupin—Carr

The Winchester Sun had the following of much interest here, last week: A letter was received in this city Friday by Mrs. Carrie Carr from her son Edward Carr of Detroit, Michigan, stating that he and Miss Achie Maupin were married Tuesday in Detroit. Mr. Carr who has been with Bassett Shoe Store in Lexington for the past year left about a month ago for Detroit to accept a position with a shoe store there. Miss Maupin is of Lexington, Ky., and is a very popular and attractive young girl. It was reported that this couple were married about three weeks ago, but this was untrue. Mr. Carr was one of Winchester's most popular young boys and had numerous friends in this city and Lexington. Mr. and Mrs. Carr will make their home in Detroit.

Entertained For Guest

Mrs. W. E. Luxon was hostess to a very elaborate dinner party, the later part of the week, in honor of Mrs. Coleman, the house guest of Mrs. C. C. Wallace. Her guests included Mr. and Mrs. Ballard Luxon, Mr. and Mrs. C. C. Wallace, Mrs. J. P. Simmons, Mr. and Mrs. Cecil Simmons, Mrs. W. E. Luxon, Sr., Mrs. J. W. Snodgrass, Mrs. W. S. Broadbent, Miss Louisa Ballard and Mrs. Coleman. A delicious menu was served and the party was a pretty compliment to the guest of honor.

Rheumatism Relief--25c.

Nature's Remedy (NR Tablets), Are Helping Thousands Who Tried Expensive Things Without Result. It's Guaranteed.

There are three vital processes of human existence—digestion of food, the extraction of nourishment from it and the elimination of waste. Poor digestion and assimilation means failure to derive full nourishment from food and that in turn often means impoverished blood, weakness, anemia, etc. Poor elimination means an accumulation of waste matter which poisons the body, lowers vitality, decreases the power of resistance to disease and leads to the development of many serious ailments.

Rheumatism—due to some interference with the process of elimination—failure to get rid of certain body poisons—cannot be expected to yield to any medicine that fails to correct this condition. Thousands are using NR Tablets every day and getting relief. Why pay five or ten times as much for uncertain things?

A 25c box of Nature's Remedy (NR Tablets), contains enough to last twenty-five days—must help you must give you prompt relief and satisfactory benefit or cost you nothing.

Nature's Remedy is not only for the relief of rheumatism. It improves digestion, tones the liver, regulates kidney and bowel action, improves the blood and cleanses the system. You've tried the expensive medicines and doctors, now make the real test. You'll get results this time. Just try Nature's Remedy (NR Tablets). It's sold, guaranteed and recommended by your druggist.

"Jewels Make Permanent Gifts"

That's the Reason Jewels Are So Acceptable

Since time began, it has been the custom of man to bestow gifts upon those who are dear to him. All through the ages past, wherever there have abounded love and laughter, or trouble and tears, there has always prevailed the endearing habit which brings one individual close to another. The gift that is given to express true friendship or love is the gift that the recipient will cherish with lasting appreciation.

FIGURES DON'T LIE

We have invited the farmers to study the figures we have given in our advertisements since our opening sale. Comparing them with other prices received by tobacco houses, you are forced to admit that the Old Madison House has shaded the others in price, and is doing a great deal towards making Richmond one of the leading tobacco markets in the state.

It now seems that the market has settled down to a steady basis and present high prices will continue and that you have an equal showing with others who have gotten high prices over our breaks.

This week our sale begun Monday afternoon, continues Tuesday, and it will take the greater part of Wednesday to finish up the large amount of tobacco on our floors. There's a reason for this land office business, and it will be to your interest to sell your tobacco with the house the crowds flock to.

We will have one more sale at the Madison House before the Christmas suspension.

Following are a few of the splendid prices we have received this week. We know of no more forceful manner in which to present the tobacco growers the advantage of selling at the Madison House than to quote these splendid prices:

MORGENTHAU PLEADS FOR HELPING HAND IN THE NEAR EAST

Former Ambassador to Turkey Says America Should Not Let Armenian Allies Starve.

By HENRY MORGENTHAU, Former Ambassador to Turkey and Leader in Near East Relief.
If they were good enough to fight and die for us when we needed their help so sorely, they are good enough now to share some meager little crumbs from our plenty when they have nothing, when hundreds of thousands of them are homeless, unclad, foodless and threatened with extermination by their enemies and our own. Not far from a million Christians have been murdered by their Turkish oppressors. Hungry, terror stricken hundreds of thousands of refugees now look to the United States for succor.

Have Trust in America.
We cannot refuse. Next to their faith in God is their trust in the interested good will and generosity of

HENRY MORGENTHAU.

the American people. They look to us as the human agency to extricate them from the frightful situation in which they have been left as a consequence of the war.

If we should fail to aid them, starvation and the winter's cold would go far to completing the work done by the unspeakable Turk.

I have not seen with my own eyes the misery in which the Armenians now exist. I have been spared that. But the reports which have been brought in by agents of the Near East Relief and by representatives of the Peace Conference paint a picture of wretchedness, inconceivable to those who have not a first hand impression of the savagery of the Mussulman.

Exiled From Homes.
Since the beginning of the war the Turkish Armenians have been largely refugees from their homes. A simple agricultural people, they have been exiles from their farms, deprived of all opportunity to support themselves. Year by year their sufferings have increased. Now, a year after fighting has ceased, they are still living the life of nomads, able to continue to keep alive only by virtue of American philanthropy.

These homeless people—"filthy insects" to the Turk—were good enough to exert their poor might in our behalf while the war was still in the balance. Massacres of a half century had not so broken their spirit that they dared not fight for right and for democracy when justice was the issue. We accepted their aid then. Surely we shall not pass them by without compassion now.

The day has passed when any self respecting man dares permit absorption in his own personal affairs to exclude consideration of his neighbor's well being. No honorable man can knowingly allow his neighbor to hunger or to go unclothed. The Christian peoples of the Near East are our neighbors. The money needed to relieve them can be spared without causing any man, woman or child in the United States to suffer.

Must Not Rest on Past.
In other years of our own free will we sent missionaries to Turkey. Our schools and colleges and hospitals have played a wonderful role in humanizing that dark spot in the world. Our ideas, our educational resources, our material equipment, have been leaven in the Near East. Because we have done well in times past we have this great opportunity for the present. The Armenians have been treated as perhaps no people in history have been treated because they are the spiritual brothers of western races.

Will America help them? There can be but one answer. Their necessity is dire, but our power is great. We are wealthy. We are a member of the family of nations. Our brothers call us. Food, clothes, money, are immediately wanted. If ever unmerited suffering called for succor the plight of the Armenians should be heeded now. A few months more and it may be relief will be too late for those myriads whom only we can save. We shall not fail them.

"The Unpardonable Sin," in story form, first appeared as a serial in the Red Book, and was later published in book form by Harper & Bros., New York. It has already achieved national popularity when Major Hughes himself, quite by accident, discovered that New York City public library officials were hampering the circulation of the story on the grounds that its subject matter was not conducive to the best interests of the general public. Investigation proved that while "The Unpardonable Sin" was available in a number of the branches of the New York Public Library, the number of copies on hand was not nearly adequate to supply the demand of those who wished to read it and, moreover, that it was not the desire of the public library officials that the general public be afforded the same opportunity to read "The Unpardonable Sin" that was accorded them in the case of other pieces of popular literature.

When this condition was brought to light, ex-President Roosevelt wrote one of his characteristic letters, criticizing the public library people for their unauthorized censorship, and advocating the widest possible circulation of the story in the interests of public welfare.

"The Unpardonable Sin" was sold in the hundreds of thousands before this little controversy developed but immediately upon the publication of the Roosevelt letter its sales were almost doubled, until it became the best seller of its day.

"The Unpardonable Sin" has a war background—but it is anything but a war picture. Its greatest interest lies in the recital of the love and adven-

PUBLIC SALE

On Friday, December 19, 1919 at 10 o'clock a. m., I will offer for sale the following described property, to wit: About 90 acres of land, subject to survey, located on the Berea-Kingston pike (Dixie Highway), and county road on the east and west sides, 3 1/2 miles north of Berea and 3 1/2 miles south of Kingston. Said farm is known as the Wm. G. Baker homestead.

This is an ideal farm; produces splendid crops; has plenty of good water upon it; is well fenced and contains about ten acres of good timber that will do to saw. If you are looking for a home in a splendid community, with all the advantages of good roads and fine schools, this is your opportunity.

This land will be divided into two tracts of about equal size and offered for sale, and then it will be offered as a whole, and the way it brings the most money, will be accepted.

Terms will be made known on day of sale.

This property is being sold for the purpose of settlement among the heirs, all of whom interested in this land are of age, and will unite in conveyance of perfect title to the purchaser. Terms liberal and made known at time of sale.

ture of two typical Americans—one a plucky little California girl, and the other a young college man from the Middle West. Blanche Sweet, widely-known screen star, makes the most of splendid opportunities offered her in the role of the girl, and Matt Moore plays opposite her in the role of the young collegian.

The late Theodore Roosevelt, ex-President of the United States, who was engaged in adding to his reputation as one of the "doughtiest" of American fighters in any field where fight seemed to need a champion, when his untimely death resulted, had an important part in the controversy which developed in New York City soon after "The Unpardonable Sin," Major Rupert Hughes' well-known book, was published. "The Unpardonable Sin," Major Rupert Hughes' well-known work by Harry Garson, well known producer, with Blanche Sweet in the leading role, under the direction of Marshall Nielan. The big photoplay has been secured for a two-day engagement, beginning Dec. 18th.

Major Hughes, who will always be grateful to Colonel Roosevelt for the part he took in defending the book, remarked not long ago, when he saw the picture version in New York,

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head. I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties. I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-134

BEREANS CRITICIZE JAIL AND POOR FARM

The Red Cross Class visited the College visited the county poor farm and the county jail, the other day. Their observations are given in this week's Citizen, and are very similar to recommendations that grand juries have been making for some time. They said:

The Red Cross Class visited the County Poor Farm and County Jail one day last week. Conditions at the Poor Farm were found not as satisfactory as might be desired. A number of the inmates are not receiving the care that they should. For instance, a boy has the tuberculosis. During the present high cost of living it would seem those in charge should receive a larger allowance from the county for feeding those in their care. Two pieces of cornbread with water are scarcely adequate for the evening meal.

It was reported that a very limited amount of food is produced on the farm. It would seem advisable to relocate the farm on a better and more productive piece of land and thereby make it possible to produce more of the food used, and thus save the county some money.

Some form of social and religious life ought to be provided for these unfortunate people and not leave them to idle away their last years in solitary reverie and monotony.

The conditions at the jail are too unwholesome to attempt to describe. It ought to be a disgrace to as wealthy a county as Madison county is, to tolerate such a dilapidated building.

SALES ON OTHER MARKETS STRONG ON MONDAY

Mt. Sterling—Fine and good tobacco were from \$2 to \$5 higher than the close last week. Medium tobacco were steady to higher, good reds showing an upward tendency. Common and low grades were steady. The Robertson house disposed of 13,160 pounds for an average of \$60.97. Farmers House No. 1 disposed of 120,295 pounds for an average of \$51.41. Prices ranged from 7c to 99c.

Shelbyville—The record price of \$1.15 a pound was paid for one basket in C. E. Mahuron's crop of 1,420 pounds, which averaged \$79. The market was stronger than on Saturday, Burley house No. 2 selling 132,450 pounds at an average of \$40.15.

Lexington—High prices prevailed on the Lexington tobacco market some leaf selling for as much as \$1.01 a pound. Prices of 9c and \$1 a pound were numerous. The newly constructed Maxwell street warehouse held its first sale disposing of 200,000 pounds. Two crops from Fayette county averaged \$95.39 and \$90.10 respectively. Part of the crop of Dr. A. J. A. Alexander, Woodford county, averaged \$1.

Maysville—Owing to the cold weather tobacco sales were small, less than 50,000 pounds being sold at prices ranging from 10c to \$1 a pound.

Paris—The Bourbon county tobacco market was strong and active, though the quality of the offerings was the poorest that has appeared upon the market this season. The Bourbon house sold 200,095 pounds for \$108.12 an average of \$54.05.

Carrollton—Prices on red tobacco were more satisfactory being at least \$5 higher than on opening day two weeks ago. The brights held their own, selling up to \$99. Sales for the day were 133,205 pounds and averaged \$41.36.

Madison—Tobacco sales were 159,500 pounds at an average of \$38.40. The best crop average was \$86.50.

Lexington Child Still Missing

Lexington, Dec. 16.—Further mystery is added to the disappearance of little Edward Mayes December 7th, by the fact, as told by the child's father, Wm. Mayes, that a strange lead-colored automobile was seen near his home on the afternoon the boy disappeared, and stopped near the place where he was last seen. This automobile Mr. Mayes said, was seen by several persons. It first passed his house and then turned around stopping near where the child was seen playing with several children. The automobile has never been back. Mr. Mayes still believes his son was kidnapped. Della Mayes and Martin Mayes, sister and brother, both dreamed Sunday night that he was back home.

DIRE PREDICTIONS FOR WEDNESDAY

Here's some more about the predictions of what "may" happen on Wednesday, Dec. 17th.

Prof. Albert F. Bonta, who is said to be a noted sunspot forecaster, says:—Owing to a strange grouping of six mighty planets, such as has not been seen in a score of centuries, the United States in December will be swept by the most terrific weather cataclysm experienced since human history began.

It will be caused, by the largest sunspot on record; a sunspot that will be visible to the naked eye.

The sunspot will appear December 17, 1919, and will be a vast wound in the side of the sun.

It will be a gigantic explosion of flaming gases, leaping hundreds of thousands of miles out into space. It will have a crater large enough to engulf the earth much as Vesuvius might engulf a football.

Such a sunspot will be rich enough in electro-magnetic energy to fling the atmosphere of our planet into a disturbance without precedent or parallel.

There will be hurricanes, lightning, colossal rains.

There will also be gigantic lava eruptions, great earthquakes, to say nothing of floods and fearful cold.

I make this startling prophecy with no desire to be merely sensational or alarming. It is merely because my study of the planets has revealed certain results with mathematical certainty that I now say to you:

"Be warned in advance. Tremendous things are going to happen from December 20, 1919, and afterward."

On December 17, 1919, no less than seven planets will pull jointly on the sun. These will include the mightiest planets, those with the most powerful pull.

Six of them—Mercury, Mars, Venus, Jupiter, Saturn and Neptune—will be in conjunction; grouped together in the greatest "league of planets" ever known in the annals of astronomy.

They will be massed in the narrow limit of but 26 degrees, on the same side of the sun.

What will be the outcome? My knowledge does not permit me to state, beyond the fact that the storms, eruptions and earthquakes will be tremendous in their scope.

INDIANS ARE EXCITED

Lawton, Okla., December 13.—Great excitement has been caused among the less educated and old members of Indian tribes in Southwestern Oklahoma as a result of predictions of the end of the world December 17. Along the creek banks and in the wilds of the Wichita Mountains the muffled beating of the tom-tom can be heard night after night as the red men

NOW, WE'LL SLEEP EASIER

New York, Dec. 16.—The world need fear no calamitous effects from the peculiar configuration of the planets that will take place next Wednesday, according to a statement issued today by Dr. Harlan T. Stetson, of the Harvard Astronomical Laboratory. Predictions of floods, electrical storms, riots and other disturbances of far-reaching effects, credited recently to a popular meteorological

scientist, are based on nothing more substantial than "hot air", Dr. Stetson said. On December 17, according to the Harvard scientist, all planets, the exception of the earth, will lie in an approximate line with the sun, and all except Uranus will be on the same side of the sun.

THIS SOUNDS BETTER

Toronto, Ont., Dec. 16.—Collision with the head of a large comet would cause a calamity such as has been

predicted for the world December 17, according to officials of the Toronto observatory, but they add that if such collision were imminent "we would have had warning."
